

Come to the steamboat “**SPLASH**” for **S**tudent **P**articipation in **L**earning **A**quatic **S**cience & **H**istory. As the whistle blows, this authentic stern-wheeler goes on a 2-hour voyage of fun and learning, featuring environment-based science, social studies and technology. **SPLASH** is a Coast Guard certified steamboat, boarding in Lambertville, NJ. Organize a group to see where Washington crossed the river to New Hope, canal boats crossed, wildlife flourishes and millions of people get drinking water. **SPLASH** carries 49 passengers, with special activities for school, camp or youth groups: interactive watershed model, water testing, water physics, water safety, bird spotting and historical role-playing. Contact the Delaware River Steamboat Floating Classroom at info@steamboatClassroom.org, 609-921-6612.
